- Every student will take care in upholding peace, safety and cleanliness in college campus and its facilities.
- Students will not indulge in inflicting harm to college properties whatsoever.
- Students will not resort to violence, agitation, or any other form of unlawful protest for their demands.

- Organization or promotion of any type of political activity is prohibited in the college campus.
- Students can contact the concerned professors, or the Principal, to address their grievances or complaints in a peaceful manner. They can also contact grievance redressal cell or drop their queries /complaint in the complaint box. They can also contact teacher-student guardians but should not involve outside elements or print/electronic media in the process.
- Students should make sure that they are not involved in any immoral or criminal act. College administration will take required disciplinary action and measures will be taken against errant students.
- Disciplinary action will be taken against those students found indulged in using unwarranted means in examinations.
