Subject: Request to conduct Seminar at

Dear Sir/Madam,

Greetings from Dr Reddy's Foundation!

We acknowledge the important contribution your institution has been making towards the betterment of our society by providing quality education to the youth of the nation. To further advance this cause and help the youth become job-ready, we are elated to inform you about our revolutionary and innovative skilling initiative for Youth and Persons with Disability – GROW.

The main idea of writing this letter to you is to formally ask your permission to hold a seminar in to create awareness about GROW, and provide a comprehensive understanding of the program to the youth and their parents. We have conducted similar seminars at various other locations and have received a highly positive feedback from the participants about the excellent structure and quality of the program.

#### About GROW

GROW is a bold attempt to address a complex adaptive problem of skilling and unemployment among youth of India, and it aims to provide young people with jobs in line with their aspirations. We focus on guaranteeing skill enhancement and get our students secure jobs in organised sector. All the courses taught in the program have been designed after a comprehensive research and interaction with different employers, and are taught by expert trainers.

GROW has 108 Centres across India with a presence in 80 cities and 20 states. We also have facilities like hostels and sign language experts to support Persons with Disabilities.

The Program has many unique features –

- Intense pre-counselling session for students before enrolment in the program to understand and match the training structure with their job aspirations
- Guaranteed skill shift by certified trainers in Communicative English, Information Technology, Aptitude, Interview skills
- Technology-enabled learning environment – dedicated computer for each student, self-paced e-learning study material, mobile app, to name a few

- 100% placements in recognised companies (we have tie ups with more than 500 companies)
- Post-placement counselling and hand-holding to ensure newly placed students are able to adjust in their new jobs
- Special facilities for persons with disabilities hostels and sign language experts

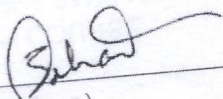

### Proposed Schedule of Seminar

The seminar will be an hour long talk by one of the GROW expert. A brief schedule has been provided below:

- The seminar will start with a short video-introduction about GROW
- There will be one demo session on 'English' by one of our expert trainer to give the participants a glimpse of our teaching methodology
- Thereafter the speaker will comprehensively explain every aspect of the program to the participants using a visual presentation
- If possible, we also invite our alumni and their parents from nearby areas to share their experience about the program. However, this depends on their availability
- Once the speaker is done with the presentation, participants can ask their queries
- At last, we give a feedback form to all participants to understand their thoughts about GROW. We also distribute GROW pamphlets to everyone for their reference

We understand that this letter of intent is a starting point for further discussions. I would love to meet you personally and take this a step further.

I look forward to hearing from you. Thank you very much for your consideration.
