AIDS DAY

Objectives:-

- The main aim of AIDS day (1 December) guest lecture is to spread awareness about the status of the pandemic and encourage progress in HIV/AIDS prevention, treatment and care around the world.
- ② By this guest lecture on AIDS days the sole purpose is to provide significant information. The acquired immunodeficiency syndrome (AIDS) is a life-threatening condition caused by Human immunodeficiency virus (HIV). The HIV virus attacks the Immune system of patient and reduces its resistance to other diseases.
- ③ To give significant knowledge about HIV/AIDS & to unite people to show support for people living with and affected by HIV and to remember those who lost their lives to AIDS.

need of the programme

The main outcome of this great initiative is to get more information and awareness about HIV/AIDS. It also provides opportunities to correct misconceptions and help others to learn more about HIV.

Talking openly about HIV can help normalize the subject.

- ② The ~~was~~ AIDS DAY is significant because it serves as a reminder to the public and the government that HIV is still a serious problem that requires urgent funding, the eradication of prejudice, and improved educational opportunities.
