Departement of geography

Ozone day

verbs and adjectives :-

World Ozone day is observed on 16 September every year to spread awareness among people about the depletion of ozone layer and find possible solution to preserve it.

- ② The Main objective of Ozone day workshop to Highlight the importance of Highlights safeguarding the Earth's protective ozone layer and shows the collective action, guided by geography, is the best way to solve major global challenges.
- ③ We Need to Highlight the causes of and effects of Ozone layer - depletion which cause skin cancers, eye cataracts and immune deficiency disorders.

Objectives of the programme

Students get to know about the possible solution to control and minimize the effects of ozone depletion, some solutions are (i) Avoid products that cause ozone depletion

(ii) Do not buy aerosol products with chlorofluorocarbons.

(iii) Replace Halon-based fire extinguishers with others using foam

② By ozone day workshop students gained information about this sensitive issue brainstorm ideas, identify problems, make decision and develop solution.

③ By group discussion activity on this issue helped student to help each other group members to explore and discover personal meanings of a issue through interaction with other people.

River Day of Awareness (run by Nongma Hothang) and objectives :-

World River Day is celebrated on the fourth Sunday of September every year. Our aim of River Day Workshop is to increase public awareness about Rivers and to encourage their conservation.

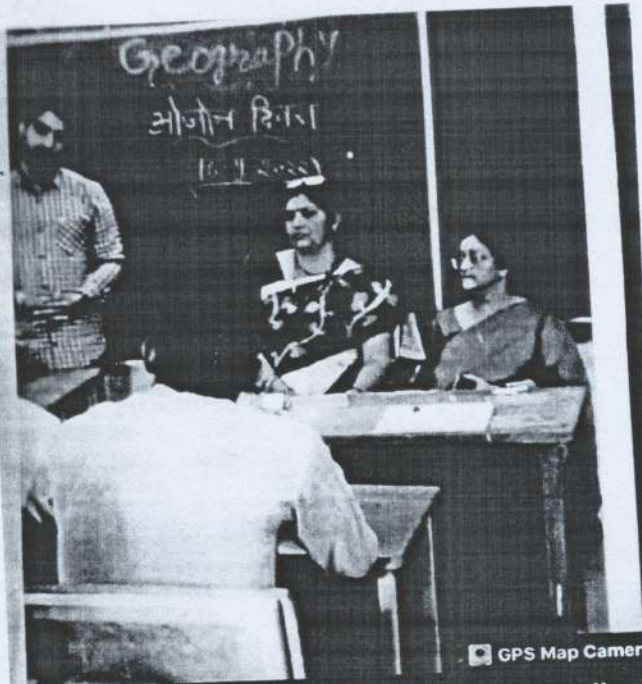

- ② This Day contemplates the urgent need to save our Rivers as they form the backbone of Human civilisation. The River taught us about ourselves, taught us to care about the world.
- ③ This workshop taught us to pay attention and listen, and prepare students for meaningful lives of bringing their knowledge to bear in service to the world.

* Outcome of the programme.

- ① student to know value and importance of rivers as well as bring together people from across the world to discuss and spread awareness about conserving rivers, river management, pollution and equitable access to clean and flowing water.
- ② students get to know ways to support rivers conservation so we can keep rivers healthy, sustainable and flowing for generations to come understand the deep connection between rivers and land.
