# Sustainable Development

## Objectives :-

- 1) To provide a strategy for such a development that can really improve the quality of Human life
- 2) To provide a strategy that ensures conservation of 'vitality and diversity' of earth.  
sustainable development must be both 'people-centered' and 'Nature/environment centered' as the development is a compromise between Human material progress and maintenance of environmental quality.
- 3) promote Continuous, Inclusive and sustainable economic growth, full and productive employment, and decent work for everyone.
- 4) preserve and make sustainable use of seas, lakes and marine Resources for sustainable development
- 5) sustainable forestry, stop Desertification, slow down and Reverse soil degradation as well as Halt the loss of Biodiversity
- 6) promote peaceful and Inclusive Communities for sustainable development, provide access to justice for everyone and build effective, responsible and Inclusive Institutions at all levels
- 7) Take Urgent Action to combat climate change and its effect
