The visit is being undertaken as a part of New Education Policy for undergraduate students on 15.12.2023. 16 students visited Arushi rehab. centre with a objective of following

Objectives:

- To understand Rehabilitation Principles
- To Examine the role of Psychological Intervention in rehabilitation process
- Observe and analyze the Symptoms & therapy provided at centre.

Activities:

- Students visited various departments & facilities within the rehabilitation center, including teaching room, therapy rooms, exercise areas to gain a comprehensive understanding of the environment where children gets therapy.
- Rehabilitation center staff discussed various Present case studies of center to provide students knowledge about backgrounds, challenges & progress of various children. So that students can apply theoretical knowledge to real life scenarios

OUTCOME:

- ⇒ Students gained a deeper understanding of the Principles and Practices of Rehabilitation and Role of Psychology in Promoting Recovery.
- ⇒ They observed Real life case studies and observed Symptoms and therapy session which helped in applying theoretical knowledge to Practical situations.
- ⇒ The visit Increased Empathy & Sensitivity among Students for Rehabilitation children for their Challenges & recovery Process

Rehabilitation center visit enriched Students' Learning experiences, equipping them with Practical skills, empathy & a deeper understanding of Psychological dimensions of rehabilitation.
