In the skill Saturday program the professors of Sociology spoke on "Tools of Data Collection in Social Research". Research work in Sociology includes data collection from the field & for data collection tools like, Questionnaire, Schedule, observation method, Interview method are used. Students were explained about the above mentioned tools & their queries etc. were also clarified. Both lecture method & group discussion method was used for making the students understand the tools of data collection.

All professors of Sociology dept.
are also present on 23/3/24
for the skill Saturday program.
